Louisville Metro Parks

Considered among the nation's finest, Louisville's Metro Parks system includes 122 parks and six parkways covering 13,500 acres, along with recreation centers, swimming pools, golf courses, and more. From a historic system of parks designed by landscape architect Frederick Law Olmsted over 100 years ago to sprawling new suburban parks, Louisville's parks are playgrounds, fitness centers and meeting places for the city's 700,000 residents.
